

My local station carries numerous local community issues, we broadcast community events twice daily from 90 seconds to 5 minutes depending on whether we have a guest. WE cover blood drives in addition to many other events. Our station provides time for local artists to get their music heard as well as other up and coming artists, we interview a variety of artists.

Our station employees are members of the Rotary CLub, the Lions Club, Big Brothers and Big Sisters active in local churches etc.

Changes are not needed

Thank You

Rachel
